RECEPTION VERIFICATION REPORT

WOR RADIO

710

THE HEART OF NEW YORK

1440 Broadway
New York, New York, 10018, USA

Thank you for your reception report of standard broadcast station WOR.

WOR operates as a clear channel station, fulltime, on a frequency of 710 kilohertz with a power of 50,000 watts. The antenna system, located about six miles West of New York City, includes a three-tower directional array providing maximum signal up and down the East Coast.

The addressee of this card received WOR Radio on 710 kilohertz at 2:52 pm - 3:12 pm EST/EDT on May 10, 1986.

Paul K. Stewart, P.E.
Chief Engineer
